September 18, 2025

Dear valued customer,

Notice of Website Migration - AQUAMICRON™

We would like to express our sincere gratitude for your continued support of our Karl Fischer reagent product AQUAMICRON™.

Please be informed that the AQUAMICRON™ website will be migrated to the Mitsubishi Chemical Group official website (Product information page) as follows:

■ Migration Date

October 1, 2025

■ New Website URL

English:

https://www.m-chemical.co.jp/en/products/departments/mcc/finechem/product/1201729_7988.html

Chinese:

https://www.m-chemical.co.jp/cn/products/departments/mcc/finechem/product/1202465_8701.html

After the migration, SDS (Safety Data Sheet) and COA (Certificate of Analysis) will continue to be available through the request form located on the new AQUAMICRON™ product information page.

We apologize for any inconvenience this transition may cause and kindly ask you to use the new website from the above-mentioned date.

We sincerely appreciate your continued trust in AQUAMICRON™.

Best regards,

Mitsubishi Chemical Corporation
